Our staff has been trained by our environmental consultant company in order to increase environmental awareness.(16,05,2022)

For the social activity and notivation of our employees,football matches played between each year were encouraged.

Our employees benefit from the protetion of human rights and aqual rights regardless of religion, language and race.

Our guests;

We find solutions to the suggestions of our guests by taking into consideration their suggestions.

-There was not enough sunbeds on the pooledge,new sunbeds were purchased.

-Wi-Fi speed was low,fiber internet network was switched.

Information visuals were hung in the common areas to direct our guests to energy saving.

Respect for the environment;

Our employees are trained every year for environmental awareness. We prefer large packaged products to reduce the amount of waste.We also decompose our waste and recycle it. The following two years recycling study on this;

- We prevented the cutting of appoximately 11 trees with 1258 kg of paper waste.

- We saved 9876 KW of energy wiht 684 kg of plastic waste.

- 1022 kg of metal waste and 772 kg of raw materials saving.

- With 2894 kg glass waste, 912 kg of carbon dioxide emissions were prevented.

Energy saving;

Hot water is provided from the solar panels in our hotel.%3 energy saving is provided.

Instead of the old type air conditioners in our hotel A+ low energy consuming air conditioners were purchased. Photocell lighting systems are used in lighting.

To reduce water consumption aerator is installed in the taps in the rooms. These studies aim to save %2 water.

Food safety;

Our hotel is routinely inspected by a company (iSiS) every month. We try to minimize the risks by taken the suggestions into consideration.

Support to the local economy;

All of our products are procured from local businesses.

For sustainable tourism, we make environmentally friendly purchases that produce less energy ,water and waste.
